

Abstracts

Authors are invited to submit abstracts in English, up to 200 words written in MS Word.

Papers will be selected for oral or poster presentation, depending on the quality and number of submitted papers.

Submission of abstracts

Abstracts should be submitted by E-mail to the address: marijakorac@tmf.bg.ac.yu

Deadlines

Submission of abstracts - March, 1st 2006.

Notification of acceptance - May, 1st 2006.

Submission of manuscripts - June, 1st 2006.

Application forms should be returned by February, 15th 2006.

Language

Official language of the Conference is English.

Date and Venue

Conference will be held from 27th to 29th September, 2006 in Hotel "Palisad", Zlatibor.

Exhibition

An important part of 4th Conference on Metallurgy is the exhibition of the latest products and services available to industry and government to provide solutions to technical challenges. If your company is interested in participating this exciting venue contact correspondence person of the Conference for an exhibition prospectus.

Registration Fee

Registration fee is 300 EUR (100 EUR for BUM members; 30 EUR for students and seniors). Printed Proceedings, conference dinner and refreshments during conference breaks are included in registration fee.

Accommodation

Accommodation will be provided at a reasonable price in Hotel "Palisad" - conference site.

4th Balkan Conference on Metallurgy

Scientific achievements and
perspectives of metals industry in
South-East Europe

27 - 29 September, 2006
Zlatibor
Serbia and Montenegro

Supported by:

Ministry of Science and Environmental Protection
Republic of Serbia

US Steel Serbia

Impol Seval

Copper and Brass Mills Sevojno

International Organizing Committee:

B. Mišković	Serbia and Montenegro, President of BUM
B. Djurić	Serbia and Montenegro, AME
A. Avramov	Bulgaria, National Scientific and Technical Council of Metallurgy
D. Loukas	Greece, Technical Chamber of Greece
C. Hlady	Serbia and Montenegro, USS Steel Serbia
N. Lohja	Albania, Association of Metallurgists of Albania
A. Dimitrov	FYR Macedonia, Macedonian Metallurgists Union
S. Dimitriu	Romania, General Association of the Engineers of Romania
L. Otsukar	Turkey, Uctea Chamber of Metallurgical Engineers
B. Friedrich	Germany, RWTH IME
D. Panias	Greece, NTUA
K. Hanusch	Germany, GDMB
T. Velea	Romania, IMNR
E. Slaček	Slovenia, Impol-Seval

Organizing Committee:

Ž. Kamberović	TMF, Belgrade
K. Raić	TMF, Belgrade
M. Jovanović	Vinča Institute of Nuclear Sciences, Belgrade
B. Jordović	Technical Faculty, Čačak, University of Kragujevac
M. Gavrilovski	Scientific Research Center (NIC), Užice
M. Vukčević	Faculty of Technology and Metallurgy, Podgorica, University of Podgorica
Z. Stanković	Technical Faculty, Bor, University of Belgrade
S. Nestorović	Technical Faculty, Bor, University of Belgrade
M. Nikačević	Military Technical Institute, Belgrade
V. Trujić	Copper Institute, Bor
M. Radovanović	Copper and Brass Mills, Sevojno
R. Dodok	Serbia, Impol-Seval
M. Mišović	Faculty of Metallurgy and Technology, University of Podgorica
K. Delijić	Faculty of Metallurgy and Technology, University of Podgorica
T. Volkov-Husović	TMF, Belgrade
N. Radović	TMF, Belgrade
N. Talijan	Institute of Chemistry, Technology and Metallurgy, Belgrade
M. Korać	TMF, Belgrade
D. Glišić	TMF, Belgrade
V. Čosović	Institute of Chemistry, Technology and Metallurgy, Belgrade

4th Balkan Conference on Metallurgy is a traditional meeting of metallurgical scientists and experts organized by Association of Metallurgical Engineers of Serbia and Montenegro (AME) and Balkan Union of Metallurgists (BUM).

Scope

The aim of the 4th Balkan Conference on Metallurgy is to present scientific research achievements and perspective of metals industry of South-East Europe, bringing together specialists, research scientists and industrial technologists. Authors from universities, research centers and industry are invited to submit papers to the Conference. The Conference program will include the following topics:

- ◆ Future of metal industry in Balkan countries;
- ◆ Geology and minerals potentials for metallurgy production;
- ◆ New industrial achievements, developments and trends in extractive metallurgy;
- ◆ Steel production;
- ◆ Metal forming, casting, powder metallurgy; New and advanced materials;
- ◆ Coating, galvanizing, corrosion and protection of metals;
- ◆ Process control and optimization;
- ◆ Metals recycling and waste minimization;
- ◆ Environmental protection.
